Dear Hiring Manager,

I am writing to express my interest in the Computer Security Internship that is being offered by your esteemed organization. As a student pursuing a Master's degree in Computer Science with a focus on cybersecurity, I am excited to apply my skills and knowledge to real-world problems in this field. I have Frontend Web Developer with over 8 years of experience, I have a strong understanding of web technologies, and I am excited to apply this knowledge to the field of computer security.

I have experience with HTML5, CSS3, LESS, SCSS, JavaScript, jQuery, ReactJS, WordPress, Adobe Creative Suite, Marketing Automation, AWS, Python, Relational Database, Networks etc., and I have worked in the best development teams that have given me the skills to adjust to changing dynamics and processes of those environments while meeting scheduled milestones and deliverables. I am currently pursuing a Master's degree in Computer Science at EPITA, l'école des ingénieurs en intelligence informatique in Paris, France, which has provided me with a strong theoretical foundation in computer security.

I am excited about the opportunity to apply my skills and knowledge to real-world problems in the field of computer security, and I believe that this internship would be the perfect opportunity for me to do so. I am a fast learner, possess excellent communication skills, and am always eager to learn new technical skills. I believe that these attributes, coupled with my positive attitude, make me an ideal candidate for this internship.

Thank you for your time and consideration, and I look forward to hearing from you soon.

Sincerely,
Saajan Maharjan
